Subject: staff assistant

I am looking to fill a staff assistant position - the usual duties. The ideal candidate has hill experience and Florida ties. I need someone with great communication skill and can also think/act on their feet. If you know of any contenders, please send their resumes my way. I have to fill this position asap, so I can't wait for college seniors to graduate (unfortunately).

Thanks for your help. CONTACT KATY KALE 202-224-5228 (phone)
